Subject: Re: Moss project

Let's go with March 28, 4 pm at Campbell and Chafin's large conference room. I am copying Rhonda to see if she can reserve that for us. Let us know if there are alternatives. I didn't want Lou Ann's open dates to fill up. Thanks

I've added Mr. Lester to this thread. What exactly kind of resolution are you looking for. I'm really not prepared for what needs to come first. Send me a preliminary of your first proposed resolution, and we can begin from there.

John and Frank, I do not intend to stand in the way, but I must have assurances that will protect the County for many, many years to come. Dollars in the county coffers and jobs, jobs, jobs mean nothing to me on this issue; however, I understand that dollars will mean many things to the County and to the private industry that will put this in place. I surely appreciate this, but I have lots of neighboring Counties, Towns, Environmental Friends, Waterways and an entire County that I am tasked with taking care of.

I'm scheduled to be in Washington DC for Virginia Planning Districts next week, and DEQ Richmond on March 24 - 25. My calendar looks pretty clear on March 28, 29 and 30. L

Katie and Lou Ann, when could John and I meet with you all to finalize a resolution to get the due diligence started? We need direct input as doing this via email won't sufficiently capture the details.
Thanks
